

Danny Lahamar

Software Engineer

Pharmacy technician-turned-software-engineer looking for an opportunity that blends coding skills with extensive healthcare experience while being of service to others in a dedicated environment with a focus on growth and learning.

Projects

Attack of the Code | Software Developer | www.attack-of-the-code.com
browser-based, multiplayer coding challenge game

- Designed and coded landing page along with character cycle and background selections
- Implemented fully functioning in-browser code editor complete with console functionality
- **Tech Stack:** React, React Hooks, Node, Express, Socket.io, React-Bootstrap

COVID-Vaccine Passport | Sole Software Developer | www.stackathon-vaccine-passport.herokuapp.com

web application for presenting COVID-19 vaccination status via a QR code as well as tracking COVID-19 cases globally

- Compiled COVID-19 case data from multiple API endpoints and used ChartJS to visually showcase that data both worldwide and by country
- Input user vaccination information into a QR code
- **Tech Stack:** React, Node, Express, PostgreSQL, ChartJS

Legion of Doom Athletic Footwear | Software Developer | www.grace-shopper-legion-of-doom.herokuapp.com

eCommerce Store with fully functioning cart, product filtering, and Stripe checkout

- Designed and implemented most of the front-end, persistent shopping cart, user creation/authentication, product filters, and user/order management
- **Tech Stack:** React, Node, Express, PostgreSQL

Employment

Nicklaus Children's Hospital

Pharmacy Technician/Buyer/Charge Poster

Miami, FL | June 2010 - May 2020

- Implemented new protocol for hospital downtime by creating easily customizable labels for oral medications, IV medications, IV drips, etc. and routing all labels to a centralized printer
- Prepared IV and Oral medications and provided customer support in the form of assisting patients' families as well as nurses and all other healthcare professionals over the phone, via email, as well as Cerner CPOE
- Pharmacy formulary management and confirming, correcting, and manual entry of pharmacy charges for surgical and radiology cases
- Purchased contract compliant medications (when applicable) and pharmacy supplies through Cardinal Health and managed product backorders

Zero Element Web Design

Owner/Freelance Web Designer

Miami, FL | August 2014 - April 2019

- Designed and consulted on WordPress Websites

Miami, FL

(786) 343-8743
